About Me

I am a TY student for government polytechnic mumbai, Pursuing Diploma in Information technology looking for an internship. Highly motivated and results-oriented IT student with strong skills in Frontend developement (HTML, CSS, JAVASCRIPT) , and language like JAVA ,PYTHON , C# , SQL .I am a quick learner and a fast adapter, always seeking opportunities to expand my knowledge and practical skills.I am eager to contribute my skills and enthusiasm to a challenging internship program and gain valuable real-world experience.

Projects

E-Learning Website

Designed for both tutors and students, our website offers a seamless experience for sharing and accessing educational videos. Tutors can easily upload their instructional content, while students can freely explore and learn at their own pace.
Key features include :
Interactive Content
Mobile-Friendly Design

Currency ConverterCurrency Converter

Developed a dynamic and responsive currency converter web application using **HTML, CSS, and JavaScript**. This application leverages the ExchangeRate API to fetch real-time exchange rates, ensuring accurate and up-to-date currency conversions**.**
Key features include:
Real-Time Exchange Rates
User-Friendly Interface
Responsive Design
